To _______________________________________,

Please come and join us for our “Quality Beginnings Celebration Day” this Thursday 12th February. We have a games morning to celebrate the start of the 2015 school year!

We will all be outside in our multi-age groups (each group has students from Prep to Grade 6) playing fun, cooperative games. Grade 5 & 6 students will be the ‘leaders’ of each group and assist the younger students with the games.

I am in Group_________________ and my teacher will be _____________________________.

For the past two weeks our class has been doing Quality Beginnings. This means we have begun the year with lots of “getting to know each other” activities and focusing on our school values of Respect, Responsibility and Resilience. We all helped to write a ‘mission statement’ that says how we want our class learning environment to be like.

Here are the times of all of the events. I hope you can come and celebrate with me! You can find me in the yard by looking for my teacher and group number.

9:00am  Parents/Guardians/Family Members are welcome to have a ‘cuppa’ in the Function Room

9:30-10:30  Whole School Multi-Age Games – in the yard

10:30-11:00am  Whole School Morning tea on the Oval – Icy poles provided! (Bring Your Own – picnic rug)

Love from___________________________________________

P.S. I need to remember to put sunscreen on at home before I come to school. I also need to remember to wear my school hat!
